

# PATHWAYS

**A pathway** is a scientific term meaning communication traveling from one center to another.

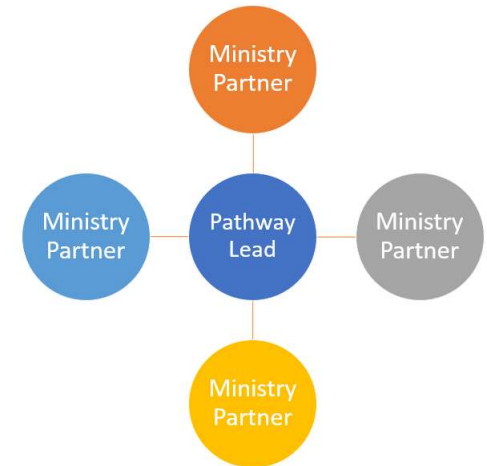

Our plan is to implement pathways to help to encourage our current ministry partners and future ministry partners to get connected and remain connected. We should understand that our ministry partners are looking for a connection to a community. A community is a place where people can know and be known, love and be loved, celebrate and be celebrated, serve and be served.

As we implement the pathways there is a vital piece to its success, Pathway Leads.

The Pathway Lead (PL) will be their central connection to The Way community. The PL will serve as the point of contact for needs, information, guidance, and encouragement.

The PL is encouraged:

- To send out encouragement throughout the week to their group members.
- To recognize anniversaries, birthdays, births, graduations, promotions, etc. (we will also announce this during service.)
- To be aware of sickness, hospitalization, deaths, etc. that will require the attention of the leaders and prayer team.
- To pass on any information that is pertinent to your group members. Such as important dates, upcoming events, church meetings, etc.
- To reach out to group members that you have not seen for a while.
- To build relationships with your new group members and ensure that they are comfortable with communicating with you.
- To keep up-to-date address and contact information for their group members.

There will be seven Pathway Groups (PGs) as we move forward. The goal is to have no more than 20 ministry partners in each PG. As we continue to grow we will add new PGs.
